PROFESSIONAL SUMMARY

Results-oriented Front-End Developer with 3+ years of hands-on experience designing, building, and maintaining fast, accessible, and fully responsive websites and web applications. Specialized in the React and Next.js ecosystem, with deep expertise in translating Figma and Adobe XD designs into pixel-perfect, production-ready interfaces using Tailwind CSS, Shadcn/UI, and Bootstrap. A strong collaborator who partners with cross-functional teams to ship high-quality web solutions that elevate user experience and drive business growth.

EXPERIENCE

Front-End Developer · Hashone Digital

Feb 2023 – Present · Karachi

- Built and maintained responsive web applications with Next.js and React.js, consistently delivering against client requirements and deadlines.
- Converted Figma and Adobe XD designs into pixel-perfect, fully responsive components in HTML, React.js, and Next.js.
- Developed reusable, accessible UI with Shadcn/UI, Tailwind CSS, and Bootstrap, improving design consistency and development velocity.
- Optimized applications for performance, scalability, and engagement — improving load times, Core Web Vitals, and SEO-friendly markup.
- Collaborated closely with designers, back-end developers, and project managers to align deliverables with business objectives and timelines.
- Shipped multiple production websites spanning marketplace, recruitment, hospitality, and professional-service industries.
